## Profile Description

I am a **Web, Graphic and UI/UX Designer** with an experience of more than **5 years** of industrial career. I have a strong passion towards working with multiple tools to build the application which gives the user a great experience. I love what I do, and take great pride in the work I produce, and the opportunities the projects allow.

I am currently seeking for full time employment with an organization that has an environment that encourages values, learning & growth, and effectively contributes to my personal development and the organizations growth.

## Professional experiences

- Create, develop and perpetuate design assets including wireframes, user flows, iconography, high-fidelity mockups, PSD Templates, Logo, banners and style guidelines
- Adroit in HTML/ , CSS/CSS3, SCSS, JS(Java script), Photoshop and Illustrator
- Hands on experience in Drupal theming (Drupal 6, 7 and 8) and Angular cli
- Proficient in creating Responsive websites using frameworks like Twitter Bootstrap, Flexbox and Foundation
- A strong understanding of grid systems, composition, typography and color
- Strong knowledge in Prototyping tools like Invision, Marvel, Adobe XD and Figma (beginner)
- Strong knowledge on Icon packs like Glyphicons, FontAwesome, Flat icons and custom icon generator like Icomoon
- Communicate design intent and rationale across internal and external teams
- Collaborate in a variety of contexts with developers, designers, and researchers
- Able to organise own workload effectively and prioritise tasks

## Academic Qualifications :

**Panimalar Engineering college., Chennai — BE (CSE)** have secured (6.5 CGPA)
