Website: www.manojthedesigner.com

Profile Description

I am a **Web**, **Graphic** and **UI/UX Designer** with an experience of more than **5 years** of industrial career. I have a strong passion towards working with multiple tools to build an application which gives the user a great experience. I love what I do, and take great pride in the work I produce, and the opportunities the projects allow.

I am currently seeking full-time employment with an organisation that has an environment that encourages values, learning & growth, and effectively contributes to my personal development and the organisation's growth.

Professional experiences

- Create, develop and perpetuate design assets including wireframes, user flows, iconography, high-fidelity mockups, PSD Templates, Logo, banners and style guidelines
- Adroit in HTML/ , CSS/CSS3, SCSS, JS(Java script), Photoshop, Illustrator and Canva
- Hands-on experience in Drupal theming (Drupal 6, 7 and 8) and Angular CLI
- Proficient in creating Responsive websites using frameworks like Twitter Bootstrap, Flexbox, Foundation and Tailwind
- A strong understanding of grid systems, composition, typography and colour
- Strong knowledge in Prototyping tools like Invision, Marvel, Adobe XD and Figma
- Strong knowledge of Icon packs like Glyphicons, FontAwesome, Flat icons and a custom icon generator like Icomoon
- Knowledge in Analytics tools like Hotjar
- Communicate design intent and rationale across internal and external teams
- Collaborate in a variety of contexts with developers, designers, and researchers
- Able to organise own workload effectively and prioritise tasks

Career history :

KnackForge Soft Solutions Pvt Ltd., Chennai
UI/UX Designer - August 2014 - November 2019

Worked as part of a multi-disciplinary team and was responsible for working on a range of projects, designing appealing websites and interacting daily with back-end developers and marketers.

Responsibilities :
- Developing and maintaining the front-end functionality of websites.
- Participating in discussions with clients to clarify what they want.
- Designing mockups, workflow and prototypes for apps and websites.
- Creating logos, PSD templates, banners, posters and icons for websites.
- Developing websites that have a consistent look and feel throughout all web properties.
- Converting PSD template to HTML or Drupal theming (based on timeline) .
- Created a prototype for web templates using Invision and Marvel.
- Provide guidance to other team members on web development issues.
- Worked on multiple projects simultaneously to a high standard.
- Writing up technical manuals and user instructions.
- Addressed cross-browser compatibility issues.

Projects worked at knackforge:
- mkssupermarket.com - Designed a logo, Mockup and created a static website. Currently maintaining it.
- Elephas.app - Designed a full website using the Tailwind CSS framework.
- Redbill.app - Designed a landing page in Figma and converted to a Bootstrap landing page, including all the images.
- knackforge.com - Designed a logo, Mockup, website and maintained the entire site(Drupal 8).
- Rgit.edu.au - Developed and maintained a Drupal 7 website with the given mockup.
- Bodeboca.com - Designed this page with scroll effects
- dropthemes.in -   Designed a logo, mockup, website and maintained the entire site (Drupal 7), and also published a Drupal 7 and 8 theme called TinTin. TinTin is the most selling theme in dropthemes.
- Trainn gain.com - Designed an e-learning mobile app
- Edulanche.com - Maintained and given support
- todaydesigner.com - Maintained and given support
- Mediacleaner - Designed a logo, Mockup and created a static website for mediacleaner app.
- Betterstudy.ch - Maintained and given support
- Inscyth - Developed and maintained an Angular CLI application with the given mockup
- Inscyth Dynamic Reporting tool - Designed a theme in which the site can be loaded with a different look and feel based on the login details. Developed and maintained an Angular CLI application with the designed mockup.
